**2<sup>nd</sup> STATUS INQUIRY**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

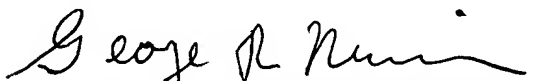

Dear Sir:

This is a second inquiry as to the status of the above-identified patent application. A first inquiry was filed over three months ago, and no response has yet been received.

This application was filed without a Declaration or the inventors and without filing fees, and therefore a Notice of Missing Parts should have been issued in the application. However, no correspondence has been received from the patent office since the applicant received its Return Receipt Postcard with the Serial Number and Filing Date stamped thereon.

In the event that a Notice of Missing Parts and official filing Receipt have been issued by the Patent Office, then the undersigned attorney attests that these documents were never received, and it is requested that a duplicate set be issued, and the time for responding be restarted.

Respectfully submitted,

  
George R. Nimmer, Reg. No. 21,004
